Spring Dress U For Your "Home"

THE City Board of Health has made a decided stand for a Cleaner, Neater Alliance. A casual inspection will convince anyone of the need. Alliance must keep abreast of cities of her class. Let's put the move over with a vengeance!

Rid Your Alley of that Ash Heap--Old Refuse must go

Show Your Civic Pride

Pride in the City of Alliance can best be shown by hearty co-operation in any move that will permanently better conditions. This "dressing up" of Alliance has long been needed. Now is the time to show your spirit.

Put Your Shoulder to the Wheel.

NOTICE

(Published in The Alliance Herald, March 18, 1921) You are hereby notified that you will have ten days only to comply with the sanitary regulations of the city. All parties failing to comply with this notice will be prosecuted at the expiration of time. BOARD OF HEALTH.

Make Your Home Beautiful

Don't stop with "cleaning up" your home. Do the job right-make it attractive. Let's impress visitors with the idea that we like to live in Alliance. Don't wait for your neighbors to start. You go ahead and they'll follow.

Do Your Best Boosting NOW.

The following firms will help you make Alliance Cleaner & Neater

Would you spend an evening In YOUR Back Yard?

The idea sounds funny to us, doesn't it? But why should it? The Frenchman gets most of his enjoyment from his garden behind the house. You can do the same. A little work evenings and the thing is accomplished. Let us furnish the necessary things with which to do it:

Hoes, Rakes, Shovels, Trash Burners and All Kinds of Garden Seeds

Rhein Hardware Company "Prompt and Courteous Service"

Has It Been Very Long Since You "Dressed Up" the House

DAINT, if properly selected and applied, will add a double value to the house. It not only makes it more attractive and thereby increases its value-BUT it preserves the fibre of the wood and adds to its length of service.

Odd Jobs of Repairing

Don't let those broken back door steps, or that leak in the roof go any longer-

YOU SHOULD FIX THEM NOW! Lumber repairs have not been possible at so low a figure since the war commenced. Get some one to make necessary repairs now.

Don't Stop With Removing Tin Cans, Ashes and Refuse

FOWLER LUMBER COMPANY FLOYD LUCAS, Mgr.

First Week In April Officially Designated for Cleaning Up the City

The following taken from a recent issue of the division of Fire Prevention News is of much importance to the town if the proper program is carried out as it should be on the dates as designated. Let us all get busy in cleaning up and then continue in the work often enough to keep it so. It will pay every lot owner to do it.

The first week in April is spring clean up week. At this time every mayor or city officials, as well as all citizens should co-operate in cleaning up his premises and make them free from fire dangers, such as rubbish, oily rags, excelsior, etc., which spread fire.

to furnish men and teams free of charge to haul away all waste and rub-All fire chiefs should make a special inspection of their territory and compet the change of any conditions which would tend to invite a fire.

Also the public press can be a powerful factor in the movement of fire prevention. By instructive and timely publications they can interest the pubile as no other factor can.

Give Nebraska a good spring cleanup. By so doing thousands of dollars worth of rubbish, worthless and useless, in attics, cellars and store rooms can be sold and the proceeds devoted to the purchase of seeds, flowers and Don't allow the accumulation of rubbish anywhere in the house or near it. Don't pile dead leaves against anything that will burn. Don't have old pieces of lumber cluttering up your basement. Always remember that a clean house seldom burns unless a a dirty house sets fire to it and by a dirty house, I mean a house where all kinds of foolish junk is preserved as if

it were of the greatest value.

Also don't forget that accumulations of dirt and rubbish are frequently a source of disease. From every point of view they are wasteful, unsightly and dangerous, and they tend to lower the moral standards of peo-ple who tolerate them. Remove ashes, cans, rubbish, etc., of all kinds. Clean-up your back yard and plant a garden. Clean up in general. That will reduce fire insurance and make Nebraska clean. Don't forget that April 4th to

6th is clean-up week. Co-operation should be secured from all local newspapers, civic and com-mercial organizations, fire departmercial organizations, fire departments, schools, churches, men's and women's clubs, boy scouts, camp fire girls, labor unions, householders, manufacturers, merchants and the public generally. Let us have the co-operation of everyone, whether he be a private citizen or a public official and developments. citizen or a public official, and devote what time is necessary to cleaning up streets, alleys, back yards, basements and attics, as rubbish breeds both fire and disease.

One of the inevitable elements of wastage in a nation's affairs is a large amount of untaken advice.

A dead fiy on the swatter now means several trillion less possibilities for disease and disturbance later on. Kill while the killing counts,

- - - get a fair start-

Fall In Line Early

Don't wait to see if your neighbors are going to respond to this call. YOU be FIRST and they'll soon follow your lead. We can help you start the good work with the following:

> Ash Cans and Garbage Cans —Trash Burners—
